Hand Sanitizer Shortage Almost Eliminated

by Pure El Bandito

Since early- to mid-March one of the scarcest commodities in the world has been hand sanitizer. In Omaha, store shelves have been empty since April; including typically well-stocked provisions stalwarts such as Tractor Supply, Sapp Brothers, and Lenny's Hardware & Collectibles down on 2nd St.

More and more DIYers and distilleries have amped production giving major producers a break. This excess production had almost allowed stores to begin restocking.

Almost, that is, until former Sweetest Stache and Best Costume winner, Benny the King, showed he's not really that community minded.

Benny came into a deal on sanitizer but instead of making one call to find someone in need, he filled a tank with 150 gallons of the liquid gold in order to, as he put it, "cleanse the Bens." This gross waste of resources drove another surge of panic buying and left stores empty once again.

COVID 19:

MUSTACHE SOLUTIONS

BY THE MACALLAN

While Gov. Ricketts has done a pretty good job in leading Nebraska through the COVID-19 crisis, what our state needs is a mustache in charge. Our ability to think clearly, to lead with authority and cut through the clutter is well documented. Thomas Magnum solved every case and got every girl. Kurt Russell and Val Kilmer whipped Tombstone, AZ into shape in the 1800's. Steve Harvey has 12 jobs at any one time.

Job to do? Get a mustache on it.

Gov. Macallan would suggest:

- 1) Maintain social distancing.
- 2) Wear a mask while in public.
- 3) If you have a mustache, draw a mustache on your mask so that people know they may want to double the social distance from you.
- 4) No gatherings of more than 10 people until Stache Bash.
- 5) Yoga pants should be a goal, not a right. Don't worry ladies, I have something for the men.
- 6) Guys, the same goes for spandex bike shorts. And if you wear them into the store or restaurant, your well-defined groin may get a swift kick.
- 7) The various colored Fruit Loops all are flavored the same as the others. Ask a blind person.
- 8) All men's briefs should have the same, standard opening. I'm talking to you Duluth. It shouldn't be like searching for the minotaur just to take a leak.
- 9) Wash your hands often.

Cox, Verizon, and Others Explore Options

by Tommy Snickerpiss

Already being pushed to their limits by self-isolation and quarantine orders, Omaha's largest internet providers are scrambling to keep up with the increased demand M4K's virtual campaign has put on their networks.

"I mean sure, you had your Netflix and PornHub spikes when this thing started in March, but we weren't prepared for this at all," said a Cox spokesman.

"I don't know who Brian Moore is, but the pictures he pumps out say way more than 1000 words." Smoke was recently seen coming from Facebook's Sarpy County data farm.

According to our sources, a viral music video being circulated about a man seeing a mustache was to blame.

Typically, it is beer and liquor distributors struggling to keep up and just survive until June, but it seems thanks to COVID-19 its the IT nerds that need to keep the supply chain moving.

WHO DAT SPONSOR?

Many growers have acquired corporate sponsorships this year to gain an increase in visibility and donation sizes. Dollars continue to roll in, however some companies have been difficult to verify. If you work for or have contact info for any of the following, please send an email to monitor@m4komaha.com so we can fill out the necessary tax forms:

Movie World

Gil Blunder's Photo Shop

Rennel's Reliable Used Cars and Massage Parlor
